IRON MOUNTAIN®

IRON MOUNTAIN'S VALUE PROPOSITION ACROSS SECURE ITAD SOLUTIONS

SECURITY: Protecting confidential data

- Option to sanitize or destroy assets with confidential information, onsite or offsite
- Secure Chain-of-Custody
  - Using proven logistics and asset tracking, we manage equipment through every stage of disposition
  - We directly own and operate a global fleet of alarmed, locked, and GPS-tracked vehicles
  - Verify chain of custody has been maintained through central portal, including certificate of destruction (COD)

COST SAVINGS: Minimize total ownership cost

- We help you recuperate maximum market value from end-of-life IT assets
  - With Secure ITAD, we can safely remarket decommissioned assets, lowering your total cost of ownership
  - Includes data centers, personal computing, smartphones, office hardware, and much more

SUSTAINABILITY: Reduce footprint

- Work with an e-Stewards® Enterprise to securely recycle IT assets with little or no resale value
  - Ensure your e-waste is never landfilled, and minimize the carbon footprint of your end-of-life equipment

COMPLIANCE: Legal & industry standards

- Have your assets processed in accordance with all federal, state, and local regulations and industry best practices
  - Tailored processes in line with your specific industry and corporate commitments

CONSOLIDATION: Process management

- Onsite or offsite management in 30+ countries across 5 continents
- Continue using one vendor you already use elsewhere across your organization
- Centralized customer portal makes ordering and tracking Secure ITAD work straightforward
