

IRON MOUNTAIN CLEAN START®

Oil & Gas Industry

IN THE AGE OF COVID-19

The global impact of the pandemic means **Oil and Gas** companies must operate in new ways and rethink the processes needed to run efficiently.

Current challenges could mean redefining your real estate portfolio, decommissioning drill sites and refineries. Iron Mountain's **Clean Start** program can help ease the load.

HOW CLEAN START WORKS

Iron Mountain conducts an **assessment** to identify opportunities for improvement.

You'll receive a summary of **proposed improvements**.

Together we create a **best practice plan to clear up space and transform**.

You pick the improvements you need based on your budget and priorities, and we manage the process from there. It's that simple!
